

## **PrEP Workshop (pre-exposure prophylaxis)**

**Wednesday 22nd November**

**At Parkside Fire Station, Cambridge, 12-4pm**

The event will be free and open to all, but it would be great if you could let us know whether you and/or any of your colleagues or service users would like to come along so we can get an idea of numbers attending.

We consider the availability of PrEP to be a support issue and a campaigning issue and would welcome your participation and feedback. We want to ensure that anyone who is thinking of accessing PrEP is made aware of:

- The imminent 'trials' whereby PrEP will be made available to a (relatively small) number of 'high risk' individuals who enrol
  - Support for those who want to buy PrEP privately
- The opportunity to share experiences around accessing and using PrEP

This workshop is particularly relevant to MSM ('men who have sex with men') and those who work with MSM, as

- They will constitute most of the 'high risk group' who will be entitled to enrol on the trials
- DHIVERSE has received a stream of enquiries/requests related to PrEP over the last nine months from MSM

We would also like to use this event as an opportunity to discuss access to PrEP for trans people.

Please contact [Grant Chambers](mailto:grant@dhiverse.org.uk) (grant@dhiverse.org.uk) if you would like to attend this event or for any information
