

Please help DHIVERSE to find out about
YOUR experiences of PrEP!

DHIVERSE is holding a free workshop on Pre-exposure Prophylaxis for HIV (PrEP) on Wednesday, November 22nd, 12 – 4pm at Cambridge Fire Station.

- * **Have you ever thought of using PrEP?**
- * **Are you or have you ever used PrEP?**
- * **Would you like to share some of your experiences of finding out about PrEP, choosing whether to use PrEP, accessing PrEP, or taking PrEP?**

We would very much welcome anyone who would like to share their experiences as part of the workshop. If this is something you would like to do, please contact Grant Chambers, grant@dhiverse.org.uk

It is really important that we find out about the experiences of people locally, so we can identify issues around accessing PrEP and support around PrEP and address them at this vital juncture when a very limited 'trial' of PrEP is being rolled out by the NHS.

We understand that these are issues that you may not want to share openly, but if there is any information/feedback which you would like to be made available at the workshop, Grant will be preparing a poster/display of anonymised feedback, so please send comments and feedback to grant@dhiverse.org.uk (do also contact Grant if you would like any more information).

Thanks for your support and we look forward to seeing you at the workshop!
