The **ABC Project** is funded by a grant from the **National Lottery Community Fund**.

## **The ABC Project has three strands:**

The **'ABC Programme'** is the main strand. The programme supports anyone with a LD or autism around relationships, sex, sexual health and keeping safe.

**'Understanding ABC'** a workshop for parents, carers and professionals

The **'ABC Project Development Group'**. Anyone who has participated in either of the above or who has a keen interest in ensuring that the rights of people with a LD or autism are met in respect of relationships and sex, can join this group.

## **Understanding ABC**

If you are supporting someone with a learning disability and would like to feel more confident about discussing sex and relationships with them you may be interested in attending the 'Understanding ABC' workshop.

Participants will also have the opportunity to raise and discuss any issues they would like support with.
